TO PUT OFF INVASION

Capture City and Relieve Suffering Now the Plan.

GEN. SHAFTER'S TRANSPORTS ARE SAID TO BE AT HAND.

Washington, June 18—Special—It was said this morning that the administration has decided to seize some well located point on the north coast of Cuba, and thus enable the establishment of a base of supplies for the starving Cubans. This action would seem to cause the delay of the main invasion of the island until next fall. The step is the result of the decision that unless relief is furnished to the reconcentrados at once, there will not be many left to aid as it is believed that the blockade has greatly intensified the sufferings among them, and largely increased the death list. Advices from Mole St. Nicholas this morning say that it is reported at that place that Gen. Shafter's fleet of transports is within a few hours sail of Guantanamo bay where the marines are now stationed. A few thousand men will probably be landed at Caimanera to reinforce the marines and complete capture of Guantanamo.

Can They Use Canal?

Washington, June 18—Special—The fact that the Cadiz fleet has entered the Mediterranean and is eastward bound indicates that Spain has received assurance that its passage through the Suez canal will not be impeded. This is something of a puzzle to officials here. As is well known England holds a controlling interest in the canal, which is supposedly for the use of all nations during times of peace. It had been supposed that it would be closed to war vessels except in peaceful time. If it is to be used by Spain, however, it will give that country a great advantage over the United States in operations in eastern waters, and especially in the Philippine group. It is not believed that England would favor Spain in this manner unless there was some stipulation in the ownership of the Suez canal that estops the government from interference. The present aspect of the matter is somewhat puzzling.

Cubans May Fight Us.

Madrid, June 18—Special—A dispatch received today from Havana says that the Havana newspapers are unanimous in the belief that dissensions have arisen among the insurgent chief, and that some of them are anxious to oppose the American army.

Washington, June 18—Special—The Madrid dispatches to the effect that insurgent chiefs wish to oppose the Americans are laughed at here.

To Protect Hobson.

New York, June 18—Special—A cable to the Journal says Admiral Sampson and General Shafter have been ordered to hold Admiral Cervera and Gen. Pando personally responsible for the safety of Lieut. Hobson and his men. If any harm comes to the prisoners, the Journal says, Pando and Cervera will be hanged by the Americans.

Cubans Give Able Aid.

Off Guantanamo Harbor, aboard Scripps-McRae dispatch boat via St. Nicholas, June 18—Special—The soldiers of the garrison, driven from fort on Wednesday, have been stealing toward Camp McCall, but our marines are strongly entrenched now, and their insurgent allies are proving valuable aids.

Wont Talk of Philippines.

Washington, June 18—Special—The state department refuses to discuss the course of action in relation to the expressed wish of the Philippine insurgents to establish a republic under American tutelage saying that no official advice is at hand. The insurgents are said to be well pleased with the turn of affairs.

Ran the Blockade.

Kingston, Jamaica, June 18—Special—The Spanish supply steamship Purisima Concepcion, has succeeded in reaching Manzanillo and dodging American fleet. The steamship left this port with provisions and one hundred thousand dollars in gold a few days ago.

ENSIGN GHERARDI

Ensign Walter Gherardi, the "baby of the navy," is the youngest commander of a ship in the service. He is the son of Admiral Gherardi, was born in Honolulu in 1875 and graduated at Annapolis a year ago. His ship is the picket boat Sioux.

CAIMANERA BOMBARDED

American Vessels Again Fire at Spanish—Another Brush.

Camp McCalla, June 18—Special—The American warships bombarded Caimanera again yesterday and a large number of shells were dropped among the soldiers at the fortifications. Soon thereafter a flock of vultures swooped down on the bombarded place, leading to the belief that some of the Spaniards were killed by the American fire.

Mole St. Nicholas, June 18—Special—The cutters from Massachusetts and New York were fired upon by the Spanish marines while reconnoitering near Morro castle but a fusillade from the American gunboats scattered the Spaniards. None of our men hurt.

WANT THEM TO COME ON

United States Fleet Anxious To Meet Camara.

Washington, June 18—Special—The reported sailing of the Spanish Cadiz fleet excites no anxiety in naval circles. In fact it would please many of the officials if the fleet would come to this side of the ocean and allow Admiral Sampson to get a chance at them. The Manila affair, they say, would then be duplicated.

BATTERY BOYS ARE GLAD

Milwaukee Artillerymen Joyous Because Their Crack Company Will Go to The Front.

Milwaukee, June 18—[Special]—There is great rejoicing among the members of the Milwaukee Light Battery because of the call for its services. No orders have yet been received, but the company expects to go either to Cuba or Porto Rico, as it is hardly anticipated that it will be sent to the Philippines. "We have at present a membership of seventy," said Captain Dally, "and nearly every man will go, and if it is necessary we can recruit many more. I cannot say that we are ready to take the field at once, for I do not know what the government will ask us to furnish in the way of equipment." The officers of the battery are: Captain—Benjamin H. Dally, Assistant Surgeon, with rank of captain—Ralph Chandler, First Lieutenants—Adolph S. Hensch, George C. Simpson, Second Lieutenant—Charles F. Duddington, Quartermaster Sergeants—W. H. Hyde, Jr., J. Henn, Jr., Sergeants—O. A. Kennenberg, W. C. Hughes, F. N. Irshack, Corporals—J. H. Bond, John Achler, B. L. Stone, C. F. Nowell, H. W. B. Johnson, G. A. Attridge, Trumpeters—H. C. N. Rogers, Frank Hilder.

GOING TO SOUTH AFRICA.

Mrs. Walter Houghton and Four Children will Leave This Fall.

Mrs. Walter Houghton and four children, who reside on North Bluff street, will leave Janesville this fall for South Africa, where they will join Mr. Houghton, who has been in Cape Town for some time. They will sail from New York direct to Queenstown and from there will visit relatives a few days in England, prior to their departure to the dark continent. To make the trip will cost them about \$7.50.

TO ABDICATE THE THRONE

Queen Regent Will Resign in Isabella's Favor.

STATEMENT ONLY HALF HEARTEDLY DENIED BY PRESS.

Madrid, June 18—Special—The queen regent is more than likely to give up the throne. The fact that she is considering the step is but half heartedly denied by the press, and it is evident that the denials are made only for the effect they may have on the people. It is said, on excellent authority, that the queen has made up her mind to abdicate in favor of the Infanta Isabella, sister of the late king.

Washington, June 18—Special—A rumor was current here this afternoon that the queen regent abdicated today. It could not be confirmed, however, and was for this reason generally discredited.

Not to Invade Porto Rico.

Washington, June 18—Special—Gen. Miles has recommended that no expedition against Porto Rico be undertaken until after Santiago has fallen. General Miles has won Secretary Alger over to his side and Miles, Alger, Long and the president are now in conference with the war board. General Miles' plan is to allow the regulars to do all the fighting at first, and then allow the volunteers to hold places that have been taken. It was announced this afternoon that the Auxiliary cruisers Yale and Harvard will be utilized immediately to convey troops and provisions to Guantanamo.

Expect a Long War.

Madrid June 18—Special—Advices from Cuba say that the Spaniards have no fear of the Americans landing troops in force. The opinion is now general that the war will be a long one. European intervention is no longer reckoned upon by the Spaniards.

Miles Not Relieved.

Washington, June 18—Special—The reports that have been circulated to the effect that Gen. Miles is in such disfavor as to be practically on a furlough, are greatly exaggerated. The president and Miles are on good terms.

MEET IN JANESVILLE ALL READY TO WRESTLE

State Federation of Labor Will Gather Here Next Year—Want More Inspectors.

The State Federation of Labor will hold its next annual meeting in Janesville, the Howar City being chosen at the LaCrosse session, after Madison, Oshkosh and Beloit had put up a gallant fight for it. Martin Jesko of the Cigarmaker's union No. 364 Racine, was re-elected secretary-treasurer of the state federation by acclamation. The following executive board was selected: Charles Welse of the Iron Moulder's union No. 280, Sheboygan; C. Pfeifer, Cigarmakers union No. 168 of Oshkosh; Charles W. Tenney, secretary of the Federated Trades' council of Milwaukee; Charles Nicolaus of Brewery Workers' union No. 9, Milwaukee. General State Organizer Frank J. Weber, of Milwaukee was re-elected by acclamation.

The executive board will prepare a bill and present it to the next legislature, increasing the number of factory inspectors, now insufficient to do the work properly. Cities of from 3,000 to 800,000 to have one permanent inspector and over 100,000 to have three permanent inspectors. Contrary to all expectations, the trouble with the Schlitz Brewing company in Milwaukee was not considered.

BIG SALES OF STRAWBERRIES

Grocers Have Supplied Janesville Families with Plenty of Fruit.

Ten thousand boxes of strawberries have been sold to and consumed by local residents this week. A grocer who seems to be well posted on this subject, gives The Gazette these figures after careful study. The cheapness in price and the fine quality of the berry at present has been the result of this large sale. Home-growers have been selling the best of berries this week by the case for four cents a box. Thousands of boxes were purchased this week for canning.

SUNDAY THEMES IN LOCAL PULPITS

LOCAL CLERGY PREPARED TO ENTERTAIN AUDITORS.

Discourses of Present Interest to Old and Young—All May Find Something Instructive to Engage Their Attention—All May Profit by Attendance at Divine Worship.

In these delightful days it is incumbent upon the churches of the city to hold out every inducement to the public generally to attend divine worship. The clergy are doing their part. It would be hard to find anywhere a more devoted band of christian workers. They are untiring in their efforts to attract to their ministrations those who ordinarily seek other places in which to spend the Sabbath. They are talented and educated men who are capable of imparting instruction in a manner that will interest, and of giving counsel without at the same time giving offense. For tomorrow they have prepared discourses on topics of present living interest to every man and woman in the community, and that they will treat their subjects ably goes without saying.

The membership of the church of Christ, Scientist, has increased so largely in this city during the last year that new quarters have been secured. For some months the rooms in the Bennett block have been overcrowded. Columbia hall has now been secured and meetings are held Sundays at 10:30 and Wednesdays at 7:30. Services are conducted by two readers. The growth of the church in Janesville is no more than proportionate to the growth in the country. FRENCH GOWN OF DOTTED LINEN FROM HARPER'S BAZAR

A dainty gown of polka-dotted corn linen with the spots in white silk has a very deep straight flounce which is set on the sheath top of the skirt with a double row of undulating white silk cord. The cord passes up one side of the front, where the skirt is open, having for ornament pearl buttons encrusted with cut steel. This manner of arranging the skirt is a new point, many of the later imported models being made to open at the side or directly in front. Some tailor skirts are closed with a double line of bone buttons and button-holes in front, imitating a redingote, as there are buttons on the jacket apparently a continuation of those on the skirt. Gowns of silk and thin fabrics are often studded with buttons of the most elaborate description.

The back of the skirt is closely shirred at the waist line and there is no fluting. The entire width of the hem is four yards.

The low-cut corsage, arranged in three pleats each side of the front is trimmed about the shoulders with a deep collar which continues in shawl fashion across the bodice edged with a broad linen lace and is caught together with a cravat bow of white hem-stitched silk lawn. The tucked lawn chemise is adjustable enabling one to give variety to the toilette by the use of other colors.

The back of the waist is without seams, and the sleeves, small at the top, are slightly full at the cuff, which is straight and finished with a tiny ruff. Such a waist may be made unlined, and the entire model is pretty for gingham, batiste, or cambric. The proper cut of the gown can be obtained only from the cut paper patterns published by Harper's Bazar, where it appears.

Quantity of material for gown—10 yards of linen, two yards of lace, 1 yard of lawn.

CLAM SHELL TRADE LOOKING UP

Prospective Orders From Holland Stimulate Local Inquiry.

Harry Daverkosen, manager of the Janesville Fertilizing Chemical Works, reports the purchase of 150 tons of clam shells in Wisconsin and Illinois for shipment to pearl button manufacturers in Amsterdam, Holland, and Vienna, Austria. Several samples of river shells forwarded several weeks ago to Amsterdam have just been returned to Mr. Daverkosen accompanied by a letter praising them as being of an excellent quality. A boom in the clam shell business is predicted this summer in Wisconsin, where the best of shells are now being found.

IN THE HANDS OF THE BOARD

Supervisors' Request for More Time in the Jail Matter is on File.

The state board of control have made an answer to the petition recently sent them by the Rock county board of supervisors in reference to extending the time for the erection of a new jail, but the answer is merely an acknowledgment of the receipt of the petition, the secretary forwarding the same to County Clerk McIntyre. Just what action the board of control will take at their next meeting remains to be seen. In the meantime the Rock county board of supervisors are holding their breath.

The shooting was not concluded, all the events being open over tomorrow. The marksmanship so far displayed is remarkably good for the opening and a large number of medals are going to be won on the flag targets. The principal interest centers in the team shoot, which takes place Sunday morning and the general opinion is that it will develop a battle royal between the first teams representing Wausau and Milwaukee. Tonight's team tournament was being held, the visitors participating.

SAY THE WAR SHOULD END.

Spanish Government Urged to Make Peace.

STRONG ARGUMENTS USED.

Council General of Catalonia, Representing the Mercantile Interests of Spain, Makes a Powerful Appeal to the Common Sense of the Country.

Madrid, June 18.—An allocation to the government by the powerful council general of Catalonia, which represents the mercantile intelligence of Spain, calling for peace, has created a deep impression here, all the more on account of the logical and practical reasonings with which the council advocates a cessation of hostilities.

It states that although the council considers America's conduct unqualifiedly unjust, yet that does not justify Spain in continuing an unequal combat, which is bound to result in overwhelming ruin.

"It is better," it says, "to submit to an amputation, painful though it be, than to carry on a terrible war, with its thousands of disasters. The matter will not be any more glorious after we have been ruined and the blood of thousands of our soldiers shed."

The allocation ends up with a call for immediate peace.

Sensible people see in this the opening of proposals for peace, for if a war is to continue it is to be continued none can guess what miserable complications may follow. The Catalanian allocation may mean the beginning of the end in the best interests of Spain.

WEEK IN BUSINESS.

Dun's Review Discusses the Bond Issue and the Letter Collapses.

New York, June 18.—R. G. Dun & Co.'s Weekly Review of Trade says:

"The passing of the war-tax bill, the offering of bonds and the collapse of Leiter and cash wheat have made the week somewhat exciting. In spite of some features which cannot be justified, the tax bill was approved as probably the best that could be obtained from congress this year, and gave assurance of needed revenue for the emergency. Its bond provision has already called out offers for more than three times the amount desired, and it probably will prove the most successful loan ever invited by the United States. A great victory in the field could hardly be more important, especially in its influence on foreign opinion. Not less significant was the excess of exports over imports in May by \$56,980,359, making a merchandise balance in favor of the United States of \$671,389,037 in eleven months of the fiscal year, while net imports of gold were \$102,026,989, though in no previous fiscal year have the net imports of gold exceeded \$97,466,127 in 1882.

"Not less important is the official showing that this nation has supplied to others 10,058,298 bushels of wheat and 204,000,000 bushels of corn in eleven and a half months without checking receipts from farms, and sees wheat fall 20 cents in a week because a crop is promised greater than the last by 100,000,000 bushels. This decline would have come sooner had not Mr. Leiter looked for larger gains, but the benefit to this country by the average advance of nearly 25 cents for the crop year on wheat exported has been about \$48,000,000, and to producers much greater.

"Failures for the week have been 233 in the United States, against 234 last year, and 20 in Canada, against 36 last year.

Big Cloudburst in Missouri.

St. Louis, Mo., June 18.—A cloudburst in St. Charles county Thursday night washed away bridges, flooded farms and lowlands, and caused great damage near the city of St. Charles. The big bridge over the Missouri, Kansas and Texas was washed out and dozens of iron bridges recently constructed in different parts of the surrounding country were washed away. The greatest damage done by the storm was to wheat and corn, which are slow, and it is believed that hundreds of acres were ruined. The storm extended over the adjacent counties, but did no damage so far as telegraphic reports received tonight indicate.

Murdered and Then Burned.

Eau Claire, Wis., June 18.—Thursday afternoon Mr. and Mrs. Thomas Selden and three children left their home two miles from Pepin and went to Pepin to attend the soldiers' reunion, leaving Sadie Selden, eighteen years of age, alone in the house. During the afternoon the place was destroyed by fire. In the cellar were found the charred remains of Sadie Selden. Near the remains was an open razor. Every indication pointed to murder and arson.

Will Invade Porto Rico.

Washington, June 18.—News of the sailing of the Cadiz fleet has given a sudden impetus to the plans for a heavy attack on Santiago and the immediate invasion of Porto Rico, for it is at once evident to the military authorities here that there is no further danger of an attack by the Spanish naval forces on this side of the ocean. Porto Rico and Santiago province will be invaded at the same time.

May Purchase Waterworks.

Indianapolis, June 18.—Mayor Taggart and the board of public works are in consultation over a plan to buy the plant of the Indianapolis Waterworks company, the price being \$3,000,000. It is proposed to pay for it in yearly installments.

PRIZE MONEY TO BE PAID

Manager Toller, of Porter, Happy Over a Letter from Rockford.

The fact that Rock county won double honors in the Rockford M. W. A. picnic was recalled to Manager William Toller, of the Porter cornet band today. The Porter band won second prize in competition with twenty-eight of the best bands in Wisconsin and Illinois, and today he banked a Rockford check for \$10, this being the amount of the prize. The Porter band made its first public appearance at the Janesville fair two years ago. It was a good band then, and has grown better with each season. A number of new and high quality instruments have been added this spring.

Pass International Bank Bill.

Washington, June 18.—In the senate Friday the international American bank bill was taken up. The question was on the Pettus amendment, to strike from the seventh paragraph the words "and to act as trustee in any mortgage given to secure such bonds and to countersign the same as trustee." Mr. Foraker (in charge of the bill) accepted the amendment. So those words were stricken out.

Mr. Bacon (Dem., Ga.) argued against the bill because he thought there was no reason for the proposed bank, and because the bill had objectionable features.

Mr. Pettus offered an amendment to paragraph 7 by striking out the words "and to perform any and all acts and duties not inconsistent with law that it may undertake and assume as such financial agent." Rejected—yeas, 20; nays, 25.

Mr. Pettus moved to limit the maximum capital to \$10,000,000, instead of \$25,000,000. Rejected—19 to 27. The bill was then passed—26 to 23.

Voting for the Reichstag.

Berlin, June 18.—Three hundred and thirty-nine results show that 165 second ballots will be necessary. The returns thus far assure the election of thirty-four conservatives, six imperialists, seventy-one centrists, four reformists, six national liberals, two candidates of the Radical union, thirty-two social democrats, eleven Poles, one Dane and seven independents. It is impossible as yet to predict the composition of the new Reichstag. The crisis of the elections will occur over the second ballots.

Milwaukee Carnival Week.

Carnival week at Milwaukee, June 27 to July 3, will rival the Mardi Gras at New Orleans. Those having the celebration in charge believe that the Wisconsin festivities will even be more attractive than those of the far famed southern city. At New Orleans there are only three evening attractions. At Milwaukee there will be six days and six nights of endless festivities. The grand pageant, illustrating the history of Wisconsin, will consist of twenty floats. These floats are rapidly nearing completion and are said by the contractor, who has devoted his whole life to this business, to be the finest he has ever yet constructed. Low fares on all roads and boats will be given for Carnival week.

THIS DAY IN HISTORY.

1776—The British evacuated Philadelphia.
1812—Congress declared war against Great Britain. President Madison sent his war message to congress June 1, and two days later the committee on foreign relations in the Senate of representatives reported a manifesto as a basis of the declaration of war. The house adopted the measure, then the senate, and on June 18 the president signed the act declaring war. This constitutional method of declaring war is still in force.
1815—Battle of Waterloo.
1884—Bishop Matthew Simpson died in Philadelphia; born in Cadiz, O., 1811.
1894—William Hart, N. A., a well known painter, died at Mount Vernon, N. Y.; born 1822.
1894—John M. Francis, editor of the Troy Times and formerly United States minister to Greece, Portugal and Austria, died in Troy, N. Y.; born 1823. Juliet Corson, teacher of cookery and dietetics, died in New York city; born 1842.

DEFENDS THE MACHINE.

Ex-Gov. Hoard, in his paper, the Fort Atkinson Union, defends the LaFollette machine—even to the extent of personal abuse. However, this is perhaps to be expected, as the LaFollette machine can only defend itself by avoiding the issue and throwing mud. As he is a cog in the machine, the ex-Governor knows all about it, and his declaration of what it means to accomplish is authentic. He says:

"It [the LaFollette machine] is composed of a class of men in the republican party who believe in purity and fairness in politics, who do not believe in corrupt practices for personal advancement, or party ends; who do not believe in turning the party force, influence and machinery over to the rich corporations, and against the interests of the people from whom all parties are supposed, at least, to derive their authority."

Probably it was their love for "purity and fairness in politics" and disbelief in "corrupt practices for personal advancement or party ends" that lead the LaFollette machine to make a sneaking, secret, campaign with circulars, etc., instead of attacking the objects of its virulence fearlessly and honestly in the open.

Perhaps the machine does not believe in turning the "party force, influence and machinery over to the rich corporations," but it will be noticed that the ex-governor does not deny that the LaFollette machine DOES believe in "turning the party force, influence and machinery" over to the DEMOCRATIC PARTY unless it can carry its point. Ex-Governor Hoard recently advised—indirectly, it is true, but none the less forcibly—that the LaFollette men bolt the ticket unless they won, and the last issue of the paper does not withdraw this advice.

The fact that the LaFollette machine bolted the republican city ticket in Milwaukee because its candidate was not nominated cannot be denied. Since then Ex-Gov. Hoard has publicly advised bolting the state ticket yet he talks about "purity and fairness in politics" and "corrupt practices!"

But what else can be expected of a man who has done nothing but complain and howl ever since the people decided that they did not longer need his services? Ex-Governor Hoard has had full measure of honor from the republican party, yet he repays the party that honored him by filling the air with his wails and advising people to bolt the ticket.

The people, however, have discovered the true caliber of the ex-governor and will treat him and his bolting allies as they deserve to be treated.

Think of R. M. LaFollette, the chief figure in the LaFollette machine, standing up in a Madison church and saying:

"Whoever would control, as the agent of the machine, will encounter lasting defeat. Let him beware. The people are roused. They will have their own. The machine may obstruct, misdirect reform, may terrorize, but the will of the people shall prevail."

Mr. LaFollette knows that his machine seeks to do these very things, but he has the face to so address an audience from a church pulpit!

"The machine must go" says R. M. LaFollette in a speech at Madison. What he meant was "The LaFollette machine must go," or we cannot get any offices." Mr. LaFollette evidently believes as Barnum did, that the peo-

ple want to be humbugged, but he will find that while they may like a humbug circus, they will not tolerate a humbugging politician.

The Elkorn Independent says: "We want no repetition of the Charles G. Willis affair of sixteen years ago." The Independent can best demonstrate that it is sincere in this declaration by ceasing its peevish attempts to cause dissensions, and pulling for a united republican party this fall. This is not the time for hair splitting.

The official call for the republican state convention has been issued, and the proper committees should now see that the primary caucuses and conventions are called in accordance with the directions in the state call, and where the new caucus law takes effect in accordance with that law.

Ex-Governor Hoard believes in the rule-or-ruin policy, but fortunately he cannot do either.

Ex-Governor Hoard's motto seems to be "If in doubt, bolt the ticket."

WELL KNOWN LADY VERY ILL.

Mrs. John T. Wilcox Suffering Grave Physical Disorder.

Mrs. John T. Wilcox is dangerously ill, and her many friends fear that her recovery is a matter of much doubt. Some weeks ago she was obliged to take to her bed as the result of rheumatic troubles, but of late this phase has disappeared, her illness now being attributed to trouble at the base of the brain.

Her condition this week has been very serious, and at times she was half unconscious of what was going on about her.

Mrs. Wilcox is one of the early residents of the city, and it is to be hoped that her present illness is only of a temporary nature.

MAKING WAY IMPROVEMENT.

Work of Demolishing the Carlson Building Has Begun.

The work of demolishing the Carlson block, at No. 11 North Main Street, to make room for a new and modern business block was commenced this morning. Workmen who removed the woodwork on the third floor, found it no easy job. The heavy timbers used on the frame work being of the best of material that was then plentiful in the early days when the building was erected. The workmanship throughout the structure was of the best, and the building in the present state, would still last for many years.

Despise the Spanish Fleet.

Washington, June 18.—The final passage of the Cadiz squadron into the Mediterranean, which was officially reported by the American consul at Gibraltar, is looked upon by naval officials with mingled amusement and pity. The apparent effort of the Spaniards to create an impression that this large squadron is bound for the Philippines, after months of tribulation, finds no believers, now that it is admittedly seeking safety at Cartagena to await further orders. Of its fifteen vessels, but two are at all formidable, and they could scarcely afford protection to the remaining thirteen from any flying squadron the United States might choose to order to the Spanish coast.

Illinois Troops May Go.

Washington, June 18.—Illinois troops may take part in both the Santiago and the Porto Rico expeditions. It is possible 4,000 or 5,000 men to re-enforce Gen. W. R. Shafter will be sent from Tampa next Tuesday or Wednesday, and the First Illinois Infantry may be in that party. There is talk of sending another re-enforcing expedition with 6,000 to 8,000 men as soon as the necessary transports can be secured, and the Second, Fourth and Sixth Illinois regiments may have a chance at that service. On the other hand, some and perhaps all of these Illinois troops may go to Porto Rico.

Dewey Is Satisfied.

Manila, June 18, via Hongkong, June 18.—Admiral Dewey is more than satisfied with the insurgents, who now hold the entire bay to Manila. Aguinaldo has 3,000 prisoners, including eighty officers below the rank of lieutenant-colonel, and eleven of that rank and above, including two brigadier-generals. He has also captured a great deal of money, which he has entrusted to Admiral Dewey.

COOK IS LOCKED UP AND MEN GO HUNGRY

WHY COMPANY A GOT NO BREAKFAST.

Chef Flint Was in the Guard House Because He Did Not Have the Right Kind of a Pass, and the Officers Could Not Effect His Release.

The Milwaukee Sentinel's correspondent at Jacksonville, says: Co. A, Janesville, has had all kinds of trouble with its cook, Private Flint. The other evening Flint and Lieut. Baldwin went to town on business. Flint had a pass from Col. Schadel, but none from brigade headquarters. The provost guard found him after taps and arrested him. He showed his regimental pass, but that was not enough. The rule is that a brigade pass must be secured. Flint was taken to the guard house and was kept there. When the mess call was sounded the next morning all the Janesville boys found that no breakfast had been prepared and that Flint was enjoying the comforts of the guard house. Finally one of the soldiers made some coffee. This with dry bread was all the boys had. The much abused "sow-belly" was not served and for once it was missed by the company. Later Captain Hanson tried to secure Flint's release. He was unable to do so in time for dinner, but he secured permission to take Flint to his cook tent under a guard. Dinner was then prepared for the company, but a guard was posted so Flint could not leave. In the afternoon Maj. Stearns, field officer, ordered his discharge.

Officers Break Rules. There are times when even staff officers violate rules. An order has been issued against the wearing of high stiff collars. Some nights ago two officers of the Virginia regiment were ordered to take off their collars while they were down town. Tuesday night Col. Schadel, Lieut. Col. Young, Maj. Stearns and Chaplain Varney were invited to a concert given by Mrs. David Mitchell. They wanted to wear collars, but feared the provost guard would see them. So they arranged a handkerchief around their neck and covered their collars until they arrived at the concert when they removed them. On their way home the collars were again hidden. For once the watchful provost guard was deceived.

Sergeant Maltress, of Beloit, is one of the proudest men in camp. He has received news of the birth of an eight-pound son at Janesville. It is the first news of its kind to reach any soldier since the Haggers came here.

Expect to Move Soon. There has been a great deal of speculation as to the movement of the First Wisconsin regiment. The fact that the regiment is being equipped while others are not, and that recruiting is being pushed has caused everybody here to feel certain that the time is not far distant when the regiment will leave. Of course, no official information is obtainable as to when or where the Badger soldiers are going. It is questionable if even the army officers here know. All is rumor and speculation, but the story that troops from here will take part in the second invasion seems plausible, and if any are chosen they are little doubt, that Wisconsin will be among them. Even so it will be impossible to move for at least a week or two. The regiment is not yet equipped, though the work is progressing favorably. Shelter tents have been furnished the men, but they still are in need of summer clothing. They need summer underwear, socks and uniforms. Again, there are the recruits now being obtained in the north. They must be given at least a ten day's drill. They must also be equipped. All this will require time. While the other evening it looked as if the first might leave soon, more time is now seen to be required. It may be two weeks, and it may be longer. No one knows, and those who are interested in the movements of the First will simply have to wait. When the time does come, it is probable that Porto Rico will be the destination, as at present seems to be the program to send the Seventh Army corps to that island.

An Athletic Team. An athletic team is to be organized by the First Wisconsin Regiment. The Madison, Beloit, Racine and Milwaukee companies have some good college athletes in their ranks, and these are to be asked to join the team. Gymnastic work is beneficial to the soldiers and is being encouraged by the officers. As soon as the team is formed other regiments are to be challenged. The Wisconsin base ball team already is well known and the athletic team will hold its own with any in camp. The men have been notified that they will not be paid until about the first of July, and many soldiers have telegraphed home asking for money.

It takes three hours for Chicago evening papers to get to Janesville. It takes less than one second for the telegraph to cover that distance. The Janesville Gazette receives full press association dispatches, and the news is three hours later than that of Chicago and Milwaukee evening papers sold in this part of the state.

BALDWIN IS HERE TO ENLIST MEN

LIEUTENANT COMES ALL THE WAY FROM FLORIDA.

Twenty-Nine Privates Are Needed To Fill the Ranks of Company A—Regiment May Go to Washington To Do Guard Duty—No Orders Received.

Lieutenant Henry F. Baldwin arrived in the city last evening from Jacksonville, Florida, for the purpose of enlisting volunteers that Corporal Hall has enrolled in this city.
Twenty-nine men will be taken from here, instead of twenty-five, the other four being wanted to fill the vacancies caused by the fact that four Janesville men have enlisted in the hospital service of the regular army. They are Privates Wray, Atkinson, Fletcher and Halverson.
Just who will go from here, or when, or where they will go, are at present questions that local officers are unable to answer. Captain West, of the Monroe company, will give out the orders from Monroe when the time comes.
When Lieut. Baldwin left Jacksonville Wednesday evening Co. A was composed of eighty-one men and three officers. They were all enjoying good health and had no complaint to make.

Begin Work Monday
"We will probably commence to enlist here on Monday" said Lieut. Baldwin, "but it may be two or three weeks before we get orders to leave Janesville. There is now some talk of the First Wisconsin regiment being sent from Jacksonville to Washington to do guard duty and until this question is definitely settled I will no doubt remain here with the men."

Dead Soldiers Funeral.
The remains of Herbert Cappell a private in Co. D, Darlington, who died at St. Luke's hospital, Jacksonville on June 14, are said to have arrived in Janesville last evening on the way to Plattville for burial.
Cappell was twenty-five years of age and enlisted at Camp Harvey. He was a farmer. On June 8, while in his quarters he was taken seriously ill and that night at midnight had to be removed to the hospital, where he failed rapidly.

Delegation Now Here.
Twenty-one volunteers in charge of Private Flannigan arrived in the city on the 9 o'clock train this morning from Darlington on the St. Paul railroad. At 9:30 they left for Jacksonville, Florida via Chicago, and will on their arrival be mustered into the ranks of Co. D, First Regiment, Wisconsin, to fill the ranks to the required 100 men.

30 BOXES OF GOLD

Easy Mining For Pin Money
To secure some desired information direct from the people, it is proposed to send a trim little box containing 5 gold dollars to each of 30 persons who write the most interesting description of their experience and observation on the following topics:
How have you been affected by coffee drinking?
Do you know any one who has been driven away from Postum because it came to the table weak and characterless at the first trial?
Did you set such a person right regarding the easy way to make Postum clear, black and with a crisp, pungent taste?
Have you ever discovered a better way to make it than to note the clock at the time actual boiling commences, (not when it is first put on stove) and keep it boiling moderately for full 15 minutes, using 2 heaping teaspoonfuls for each cup of beverage?
Give names and account of those you know to have been cured or helped in health by the dismissal of coffee and the daily use of the Food Coffee in its place.
Address your letter to the Postum Cereal Co., Ltd., Battle Creek, Mich., writing your own name and address clearly.

Decision will be made and the 30 little boxes of gold sent out on June 30, next.
Every friend of Postum is urged to write and each letter will be held in high esteem by the company, as an evidence of such friendship, while the little boxes of gold will reach many a modest writer whose plain and sensible letter contains the facts desired, although the sender may have but small faith in winning at the time of writing.

PLAN A COLUMBIA FETE

Christ Church Arranging Elaborate Entertainment at the Opera House

Arrangements are being made upon a magnificent scale to give a grand spectacular "Columbia Fete" in this city at the opera house under the auspices of Christ church. The affair is under the direction of Miss M. C. Mathews, of Chicago, who has been most successful in this line of work for the last four years. The representations are taken from the great production, "America" which was the popular feature in the Auditorium in Chicago at the time of the World's Fair. The fete is to represent leading business drama here, as it represented them in America's great inventions. Among the many interesting features will be fancy original marches, Delicate and physical culture, fancy dances, drills, fairies, brownies, "Columbia," queen of city, night, justice, pantomimes, scenes, tableaux. "Star Spangled Banner" in pantomime with solo by Columbia, and military company, 100 children, about fifty young ladies and misses, forty boys, with a large chorus selected from the best local talent in the city. It is desired that thirty of the leading firms of Janesville be represented at this "Columbia Fete," which promises to be not alone a great social event, but of such nature as to commend it to all of the good people of this city. It will be given some time in the near future. It was a grand success in Denver, Salt Lake, all through California and Oregon and Kansas City, and has lately been given very successfully in Aurora, Rockford and Beloit.

BUTLER STILL CHAIRMAN.

Special Meeting of the Middle-of-the-Road Party.

Omaha, Neb., June 18.—Shortly after 5 Friday morning the conference of the populist national committee adjourned. The final outcome was the practical rout of the middle-of-the-road crowd, under the leadership of Milton Park, although the liberal wing made some concessions. The last conference held last night was on the admission of J. R. Sovereign as a proxy delegate from Iowa. This was finally dropped, and the committee got down to work on the main report of the conference committee. This was modified in some of its principal points and adopted.

There will be no convention in 1899 to outline the policy of the party. In 1900 there will be an early convention to nominate a national ticket, the same to be held prior to the democratic convention. No overture looking to fusion will emanate from the national committee and none will be received and entertained by it. The national committee is required to keep hands off in state campaigns; or, if its assistance be invited, it may interfere only on behalf of the populist ticket and not to assist in fusion. In sending out the call for the convention the chairman and secretary must make clear the terms as laid down in this compromise. The effort to force Chairman Butler to resign proved futile and he will continue to act until the next national convention, in 1900.

RATES TO BE LOWER.

Basis of Conversion of United States Money Will Be Reduced.

Washington, June 18.—July 1 the postoffice department will materially reduce the basis of conversion of United States money of various foreign countries, so far as relates to the issue of postal money orders. The new rates will be of marked advantage to intending remitters, as shown in the following examples: For a postal order for 400 marks, payable in Germany, the department has heretofore charged \$97, but thereafter will charge \$96. For an order for 500 francs, payable in Austria, Belgium, France, Hungary, Italy, Luxembourg or Switzerland, the rate has been \$98.75, but thereafter will be \$97.09. For an order for 100 milreis, payable in Portugal, the rate has been \$83, but will be \$80.

Dole to Be Governor of Hawaii. New York, June 18.—The annexation of Hawaii within the next two weeks is now considered so certain that the administration is considering plans for formally taking possession of the islands and raising the American flag over them. This duty is to be intrusted to Rear Admiral Miller, commanding the Asiatic station.

It is understood that the president will appoint President Dole to be the first governor of the islands under the United States and that Rear Admiral Miller will carry his commission to him when he goes out to raise the flag.

Look for Complications.

Washington, June 18.—News from Dewey is anxiously awaited by the administration. The reports of successes gained by the insurgents, while gratifying to the president, as indicating an easy victory for the American troops when they arrive, are regarded by some members of the administration as possible to develop complications. If the insurgents continue their victories to such an extent as to be in practical control of the islands before the United States troops arrive, it might become necessary for the United States to treat

Assumption, June 18.—The government of Paraguay, as a result of the inspection of the machinery of the Spanish torpedo boat Temerario, made at the instance of the United States consul, has accorded the commander of the war ship one month in which to effect repairs, after which, in view of Paraguay's neutrality in the war between Spain and the United States, his vessel will be compelled to put to sea.

BASEBALL REPORT.

Games Played Yesterday in the Various Leagues.

Chicago made Cincinnati play fourteen innings to win yesterday, and the defeat isn't much of a dampener on Burns and his winning ball-players. It was a good day for the Reds, as Boston and Baltimore both lost to weak clubs. Cleveland did not play. New York downed Philadelphia and crapt up to a tie with Pittsburgh for sixth place. This was the only change in position.

During the summer of 1891, Mr. Chas. P. Johnson, a well known attorney of Louisville, Ky., had a very severe attack of summer complaint. Quite a number of different remedies were tried, but failed to afford any relief. A friend who knew what was needed procured him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy which quickly cured him and he thinks saved his life. He says there has not been a day since that time that he has not had this remedy in his household. He speaks of it in the highest praise and takes much pleasure in recommending it whenever an opportunity is offered. For sale by Peoples' Drug Co., corner Main and Milwaukee streets.

A Mother's Misery.

The story of this woman is the every day history of thousands who are suffering as she did; who can be cured as she was; who will thank her for showing them the way to good health.

The most remarkable thing about Mrs. Nellie J. Lord, of Strafford Corner, N. H., is that she is alive to-day.

No one, perhaps, is more surprised at this than Mrs. Lord herself. She looks back at the day when she stood on the verge of death and shudders. She looks ahead at a life of happiness with her children, her husband and her home with a joy that only a mother can realize.

* Mrs. Lord is the mother of three children, two of whom are twins; until the twins came nothing marred the joy of her life.

Then she was attacked with heart failure and for a year was unable to attend to the ordinary duties of the home. In describing her own experience Mrs. Lord says:

"I had heart failure so bad I was often thought to be dead.

"With this I had neuralgia of the stomach so bad it was necessary to give me morphine to deaden the pain.

"Sometimes the doctors gave me temporary relief, but in the end it seemed as if my suffering was multiplied.

"Medicine did me no good and was but an aggravation.

"I was so thin my nearest friends failed to recognize me.

"No one thought I would live.

"I was in despair and thought that my

days were numbered. My mother brought me Dr. Williams' Pink Pills for Pale People and the first box made me feel better. I continued the treatment and to-day I am well.

"When I commenced to take the pills I weighed 120 pounds; now I weigh 146 and feel that my recovery is permanent. I owe my happiness and my health to Dr. Williams' Pink Pills. My husband was benefited by them. I have recommended them to many of my friends and will be glad if any word of mine will direct others to the road of good health."

Dr. Williams' Pink Pills for Pale People have cured many cases of almost similar nature.

The vital elements in Mrs. Lord's blood were deficient. The haemoglobin was exhausted. She was unfit for the strain she was compelled to undergo. Her nervous system was shattered and her vitality dropped below the danger point.

A collapse was inevitable.

Dr. Williams' Pink Pills cured her by supplying the lacking constituents of health by filling the veins with blood rich in the requisite element of life. The heart resumed its normal action; the nervous system was restored to a state of harmony, and the neuralgic affection disappeared.

Dr. Williams' Pink Pills are sold by druggists everywhere, who believe them to be one of the most efficacious medicines the century has produced.
